Our Compostable Bin Liners are certified to EN 13432, ensuring you can be confident they will decompose in home or industrial composting facilities. They are supplied in a handy 10L size which fits most food caddy bins. The roll is perforated for easy dispensing. Each bag has been manufactured from corn starch and other plant extracts and carries the compostable seedling logo, which is approved for use with council food waste recycling schemes.

- 10 litre
- 9 x 16 x 18"
