BlackTak Light Masking Foil Tape is a heat-resistant, self-adhesive foil designed to block unwanted light and eliminate reflections. Widely used in the film, theatre, and photography industries, its non-reflective black finish and flexibility make it the perfect tool for precise light masking and control.

- **Non-Reflective Matte Black Finish:** Effectively blocks light and eliminates glare.
- **Heat-Resistant:** Performs reliably in high-temperature environments, perfect for use near lighting equipment.
- **Strong Adhesive:** Ensures a secure bond to a variety of surfaces for long-lasting performance.
- **Flexible and Malleable:** Easily shaped and applied for custom light masking needs.
- **Professional Grade:** Trusted by industry professionals for critical lighting setups.
