Refresh Energie FOAM is a fragrant foam hand wash with a rich blend of pure essential oils of citrus and spice.

Where to use: Washroom areas in offices, education, nurseries, public facilities, healthcare and aged care.

- **‘Energising’ Fragrance containing natural essential oils** - The perfume is designed to instill a sense of ‘uplift’ and ‘energy’ using a fresh oriental fragrance with top notes of mandarin, ylang ylang and cardamom supported by the floral undertones of lily and iris on a base of vanilla and sandalwood.
- **Luxurious silky-smooth foam** - Provides a luxurious hand washing experience and leaves skin fresh after use.
- **Soap-free formulation with skin friendly pH value** - Formulated to maintain the skin’s acid mantle; a layer on the surface of the skin which acts to help support the natural bacteria balance.
- **Contains Glycerin and Panthenol skin moisturisers** - A skin moisturiser to help prevent drying and leave the skin feeling smooth after use.
- **Saves water and energy** - Foam format can save up to 45% on water consumption and associated energy costs compared to lotion soaps.
- **Highly economical** - Only one dose is required for an effective hand wash, providing the equivalent of up to 43% more hand washes compared to standard lotion soap.
- **Quick and easy to use** - Dispensed directly as foam on to the hands, reducing the time required to create lather. Quickly and easily rinses away to leave no residues on skin or in the sink.
