£166.75 ex VAT

Stock: Available to Order (2-3 Days) Ordered in and delivered within 2-3 days.

This **Flame Retardant Scaffold Sheeting** (2m x 45m) provides effective weatherproofing and containment on scaffolding structures, helping protect workers, the public, and the site environment. Made from durable polyethylene and treated to meet flame retardant standards, it's ideal for construction sites that require enhanced safety compliance.

- **Size: 2m x 45m** - Covers large areas quickly and efficiently
- **Flame Retardant** - Treated to reduce fire risk and comply with safety regulations
- **Heavy-Duty Polyethylene** - Tough, tear-resistant material for reliable use
- **Eyelets for Easy Fixing** - Reinforced bands for secure attachment to scaffolding
- **Protects from Wind, Rain & Debris** - Helps maintain a safer and cleaner work area
