

GAS PTFE TAPE 12MM X 5M

SKU: REPTG12

£1.00 ex VAT

Stock: In Stock Order before 3pm for Next Day Delivery. 21

Gas PTFE Tape is a specialized thread-sealing tape designed for professional use in gas pipe installations and repairs. With its high-density PTFE construction, it ensures a secure, leak-free seal that meets the demands of critical gas systems.

- **High-Density PTFE:** Specifically designed for gas applications, offering superior sealing performance.
- **Professional-Grade Sealing:** Prevents leaks in threaded gas pipe connections.
- **Compact Size:** 12mm width and 5m length, perfect for precise application in tight spaces.
- **Versatile Use:** Suitable for natural gas, propane, butane, and other non-corrosive gas systems.
- **Easy to Apply:** Wraps smoothly for a tight, secure fit on threads.
