This **Hessian Roll** (1370mm x 46m) is a natural, breathable jute fabric ideal for use in construction, landscaping, and frost protection. Strong yet flexible, it's widely used to cover curing concrete, protect plants, and prevent soil erosion, while allowing airflow and moisture retention.

- **Size: 1370mm (W) x 46m (L)** - Generous coverage for various applications
- **Natural Jute Material** - Biodegradable, eco-friendly, and reusable
- **Breathable Fabric** - Ideal for concrete curing and plant protection
- **Versatile Use** - Suitable for building sites, gardens, and agricultural tasks
- **Strong & Durable** - Withstands outdoor conditions while remaining easy to handle
