The Force®8 twin cartridge half mask with Typhoon™ valve offers superior low breathing resistance and a 4-point suspension harness with quick release buckles. The mask is made with a durable thermoplastic rubber offering a superior fit to most face shapes. The mask accepts the full range of low profile Force®8 filters giving the Force®8 the flexibility to be used for many applications, providing filtering protection against particulates, many gases and vapours.

### Comfort

Durable thermoplastic rubber mask for superior fit to most face shapes.

### Harness

Fully adjustable 4-point cradle suspension ensuring an effective facial fit.

### CR2 Reflectivity

Reflective strips create increased visibility in low-light environments for added safety.

### Typhoon™ Exhalation Valve

Low resistance exhalation valve for easy breathing, with stable mask configuration.

### Force® Filters

Cost effective Force®8 filters available with low profile angle for minimum visual impairment.

**Comformity**

Conforms to EN 140 (Face piece), EN 14387:2004 (Filter performance), EN 143:200 (Filter performance)
