Designed by the JSP R&D team and developed with a leading UK acoustic engineering research facility.

### **Comfort**

The force the helmet adaptor applies and the cushion surface area work together to provide optimum cushion pressure and comfort.

### **Customisation**

Sonis® cups can be coloured to meet a corporate identity. They can also be printed with a company logo for improved brand recognition and to discourage theft.

### **Adjustable Steel Arms**

The wearer can tilt and adjust the position of the cup for optimum comfort and fit, also offering an even distribution of pressure.

### **Hygienic**

The sealing rings are easy to replace. Hygiene kits are available for each model.

### **Universal Compatibility**

The universal slots of JSP helmets allow for easy fitting of the Sonis® ear defenders, along with the JSP Surefit™ visor system for maximum protection.

### **SNR 26**
