Loctite 270 is a high strength threadlocker designed for the permanent locking and sealing of threads fasteners. It provides maximum efficacy in the securing and sealing of bolts, nuts, and studs to prevent loosening due to vibration. Loctite 270 works with all metals, including stainless steel, aluminium, and plates surfaces.

- High Strength
- Provides robust curing performance
- Tolerant of minor contamination due to industrial oils
- Particularly suited for heavy duty applications
- Green liquid
