Cleans - Polishes - Protects

Nilco C8 Stainless Steel Cleaner is a non-fragranced aerosolised oil-in-water emulsion cream for light cleaning and polishing of stainless steel surfaces.

This product possesses NSF registration in accordance with clause A7.

Excellent performance on stainless steel, chrome, aluminium, laminates, enamel, ceramics etc.

Suitable for:

Work surfaces, cookers, equipment, appliances, supermarket checkouts, window surrounds, signs etc.

Where to Use:

For domestic and industrial applications particularly in kitchens.

Where not to Use:

Nilco C8 Stainless Steel Cleaner is not suitable for use where overspray onto treated or polished surfaces may cause slippage and potential accidents.

On food contact areas where overspray or product retention is expected.

Nilco C8 Stainless Steel Cleaner may be used to clean food preparation and storage areas provided that all residues are removed, and it is used in accordance with the instructions provided.
