

OPTREL CLEARMAXX PAPR GRINDING HELMET

SKU: OPCMHT

£148.75 ex VAT

Stock: In Stock Order before 3pm for Next Day Delivery. 1

The Optrel Clearmaxx PAPR grinding visor delivers new levels of comfort and vision with its ergonomic fit, light weight and 180° field of vision.

With an EN166 Optical class of 1 and BT-rated Impact and temperature protection, the Clearmaxx visor offers excellent visibility with full face protection. As part of a PAPR system, face fit testing is not required making it ideal for use in metalworking and woodworking environments when protection from fine dusts is required, such as sanding, grinding and routing, no more trouble with beards!

Classification: EN166 Optical class = 1, EN175 Mechanical strength = BT

PAPR helmet standards: EN 166 / EN 169 / EN 170 / EN 12941:1998 TH3P.

Weight: 495 grams
