

OPTREL COMPRESSED AIR SUPPLY REGULATOR

SKU: OPSARU

£255.65 ex VAT

Stock: Available to Order (3-5 Days) Ordered in and delivered within 3-5 days.

When working in toxic environments, in closed rooms or in extremely cramped situations, such as in boiler or vessel construction, a sufficient supply of clean fresh air is essential. The Optrel Supplied Air systems form the interface between the compressed air carrying case air vessel and the fresh air helmet. This ensures a sufficient and regulated supply of fresh air and warns you with its integrated alarm of deviations in the target air volume.
