

SUNDSTROM SR599 A1BE2K1HGP3 COMBINATION FILTER

SKU: SUSR599

£57.05 ex VAT

Stock: In Stock Order before 3pm for Next Day Delivery. 3

This Sundstrom A1BE2K1HgP3 combination filter is for use with the SR 500 and SR 500 EX powered respirator units. It offers respiratory protection against organic and inorganic vapours, acid gases, ammonia, mercury and very fine particulate hazards, and it can be easily swapped for other filters depending on your application.

About

- Combination filter offering respiratory protection against organic vapours with boiling points above 65°C, inorganic vapours, acid gases, ammonia, mercury vapour and all kinds of particulate hazards such as dusts, fumes and oil- and water-based mists
- Reusable and intended for use over more than one shift (maximum use time for mercury vapour protection is 50 hours)
- For use with the Sundstrom SR 500 and SR 500 EX powered respirator units
- Supplied as a single filter (two required per power unit)
- Parts should be checked regularly for signs of wear and damage, and replaced when necessary
